QCfaçades™ rainscreen solutions

PROJECT INFORMATION

Environmental Exposure & Maintenance Evaluation Form

This questionnaire gathers information relevant to environmental exposure conditions, maintenance requirements, and other project-specific factors that may affect long-term facade performance, appearance, durability, and warranty coverage. Accurate and complete information will help determine appropriate product recommendations, finish selections, maintenance guidance, inspection requirements, and warranty terms for the project. This form should be completed collaboratively by the owner, architect, installer, QCfacades representative, and other qualified project participants.

1.0 Project Information

1.1 Project name: _____

1.2 Customer/owner name: _____

1.3 Customer address: _____

1.4 Architect: _____

1.5 Installer/façade contractor: _____

1.6 Project location (street address):_____

_____

_____

1.7 Building type (e.g., school, hospital, airport, office, etc.):_____

1.8 QCfacades product(s):_____

1.9 Finish type(s) (painted, coated, anodized, etc.):_____

2.0 Environmental Exposure Conditions

2.1 Environment type (rural, urban, coastal, industrial, etc.):_____

2.2 Approximate distance to nearest body of water (ocean, lake, river, etc.): _____ (miles / km)

2.3 List factories, industrial facilities, refineries, processing plants, or other potential pollution sources within approximately 5 miles (8 km) of the project:_____

_____

_____

2.4 List expected airborne contaminants or environmental pollutants (salt spray, chlorine, industrial fallout, dust, soot, etc.):

_____

_____

_____

2.5 Please describe nearby traffic conditions, including vehicle, rail, airport, or aircraft exposure: _____

_____

_____

2.6 Will the installation be subject to vibration, dynamic loading, or repeated movement? Yes _____ No _____

If yes, please explain:_____

_____

2.7 Will the facade be exposed to rooftop runoff, irrigation systems, pool chemicals, cooling towers, or other concentrated moisture sources? Yes _____ No _____

If yes, please explain:_____

_____

3.0 Adjacent Conditions & Existing Buildings

3.1 Please describe the level of staining, soiling, or environmental buildup visible on adjacent buildings or structures:

_____

QCfaçades™ rainscreen solutions

_____

3.2 Please describe the condition of nearby untreated, coated, painted, or anodized metal surfaces, if applicable:

_____

_____

3.3 Are there nearby construction activities, manufacturing operations, welding activities, or other conditions that may affect the facade system? Yes _____ No _____

If yes, please explain:_____

_____

4.0 Maintenance & Access Considerations

4.1 Will the owner implement a documented facade inspection and cleaning program? Yes _____ No _____

4.2 Please describe the anticipated cleaning frequency:_____

4.3 Please describe available facade access systems or maintenance access methods:_____

_____

4.4 Are there any anticipated maintenance limitations or restricted access conditions? Yes _____ No _____

If yes, please explain:_____

_____

5.0 Additional Information

Provide any additional information or project-specific conditions relevant to facade performance, environmental exposure, appearance, cleaning, maintenance, or risk evaluation. Examples may include:

- Exposure to iron particles or metal oxides
- Exposure to fresh concrete runoff or construction contamination
- Chemical exposure
- Severe weather conditions
- High-humidity conditions

- Special maintenance requirements
